Luxury Cinema

Operating since 1999, CMAX is looking to give Top End movie buffs the opportunity of a lifetime to watch the latest blockbusters in the ultimate Gold Class Cinema experience.

By simply pushing a button. Gold Class Cinema viewers will have the chance to experience service at its best, the choice of beverages, hot & cold gourmet food and

not to mention larger and more comfortable seats.

Already renowned for exclusivity to a sound proof crying room for parents, and with the largest screen in NT, CMAX will further construct 2 additional theatres to accommodate the new state of the art luxury experience.

The addition of the theatres would

mean more movies are screened including Australian movies & limited release films. Best of all, the 2 extra theatres will also mean movie viewing convenience.

Palmerston & Rural movie buffs will no longer need to travel to the City to see the films CMAX have not had the capacity to show with just the 4 screens.

Crocodylus Park

The brainchild of Zoologist professor Grahame Webb, Crocodylus Park opened its gates in November 1994.

12 years on and with an impressive collection of crocodiles, snakes, big cats, turtles and monkeys, the park has evolved to become a significant part of the Territory.

To commemorate the milestone the park recently celebrated by hosting a special wild weekend of discounted admission prices and organising a range of activities.

The exclusive birthday celebration is Crocodylus Parks way of showing their appreciation for the valued local support it continually receives.

Without this support the park could not expand and create the unique visitor experience it has been recognised for.

Congratulations To
