Dear Wayne,

I just wanted to write to extend my appreciation for the support PRBA gave the **Leukaemia Foundation NT** during the World's Greatest Shave event for 2007, as part of the "Around Palmerston" community segment screened on Southern Cross.

We have had a busy and eventful time and I believe it has been the most successful campaign yet. Without the support of the business community this would not have been possible.

To date we are already half way towards reaching our financial target, with more funds still to come in so I am confident we will be able to continue in the NT with our mission and vision.

Thank you again Wayne and I look forward to when we next catch up.

Kind regards,

Simonne Jarvis
